

Lock out the Competition

Protect your customers against fraud!

Over \$4 billion in cheque counterfeiting

Over \$3 billion in cheque forgery

One million fraudulent cheques every day

Gift certificates, tickets, coupons, titles, licenses, all at risk of duplication & forgery

Your Fraud Prevention List

- Separate responsibilities to write/reconcile cheques
- Limit the number of official cheque signers
- Centralize cheque writing
- Conduct private, periodic security reviews
- Use audit programs
- Treat negotiable documents as cash
- Lock up valuable documents & processing equipment
- Use serial number on documents
- Use tamper-apparent packaging

Working together with your bank

- Reconcile cheques promptly and look for alterations
- Use bank on line reporting/reconciliation
- Protect and shred account references

*All of our cheques are printed on
Defensa Design SG security paper*
